

Trigger Warning || God & Gender Identity

Group Notes

INTRODUCTION

Sexuality has become a very controversial topic in our society. Everything from how many genders are there to if we disagree with someone about this topic does that mean we are discriminating against them? There are ways that the church at large has answered these questions well throughout history, but there are also ways where we have really gotten it wrong. Why is sexuality so important? Is it possible that it has become too important in our culture? Is my sexuality tied to my identity? What is God's design for sexuality and why?

3. How has society/culture shaped your view of sex and sexuality?
4. Read [1 Corinthians 6:18-19](#)

Last week, Robert challenged us to view our culture through the lens of the Bible rather than the Bible through the lens of culture. How do these verses give us context on how to view sex and sexuality the way God does?

PRAYER

Heavenly Father, as we learn to follow Jesus better, we know you want to impact every area of our lives. Please show us where we are letting culture lead us in the area of sex/sexuality/gender identity, rather than your word, and help us follow Jesus in every area of our lives. Amen
